POSTMASTER W. E. TOBIAS RESIGNS \$3300 JOB

"Hands Off" Policy By Harding Likely Both Rail and Mine

Failure of Miners On the One Hand
and Rail Heads On the Other to Ac-
cept Terms Will Bring Longer Con-
flict.

SHOPMEN, GOING BACK, CLAIM

Washington, D. C., Aug. 3.—Whether the Administration, its peace overtures having failed, shall pursue a "hands off" policy so long as the public interest is not seriously menaced, and permit the giant twin strikes to be fought out to a finish was discussed today by President Harding with members of his cabinet. President Harding now has no immediate plan for settling either strike and the test of strength may be allowed to go on a while longer. The railroad executives want to fight their own battle, believing they can crush the shopmen's union and bring them to terms. The coal operators feel the same way and there was a disposition among President Harding's advisors to let the opposing factions fight it out.

Claim Men Going Back.
New York, N. Y., Aug. 3.—Representatives of the carriers reported large gains in their shop craft forces today. A rush of union men for jobs was reported and admitted by union leaders. Many of the strikers entered the shops with the same seniority standing as new men. R. Lines, general manager of the Lackawanna declared. The New York Central, the Lehigh Valley and the Central Railroad of New Jersey reported considerable additions to their forces.

Steel Works Effected
Pittsburgh, Aug. 3.—Suspension of steel plants in the Sharon-Youngstown district looked today as a result of the rail and coal strikes. The Farrell plant was reported ready to shut down owing to shortage of coal. Cargoes of coal in transit for the mills have been seized by the railroads. Difficulty in obtaining raw material because of the shopmen's strike forced the American Sheet & Tin Plate Company at Sharon to suspend several mills. Predictions were made here today that unless the coal strike was settled there would be few plants operating in the Shenango and Mahoning valleys. Bituminous coal production is far below requirements, it was said. Blast furnaces have been slowed in the entire Pittsburgh, Youngstown and Sharon Districts and stocks of coal are rapidly dwindling in the plants which are still able to operate.

President's Legal Powers
Washington, D. C., Aug. 3.—President Harding, exercising his "national emergency" powers has authority to institute receivership proceedings against the railroads and mines of the country, according to an opinion of his legal advisors, and operate them through Federal administration. Such a procedure, which would amount to seizure of these utilities, is under contemplation and may be put into operation if the situation becomes much more critical, it was indicated officially here today.

Eyre May Be Fuel Administrator
Harrisburg, Pa., Aug. 3.—T. Larry Eyre, president Pro Tem of the State Senate will probably be appointed State Fuel Administrator, it was learned here today. Governor Sproul is on his way to the National Guard encampment at Mount Gretna and could not be reached to confirm the appointment.

Miss Robinson Nominated
Kansas City, Mo., Aug. 3.—The

FRANCE PLANS TO TAKE OVER MINES IN RUHR BASIN

Premier Poincare Has
Plan For Compelling
Germany To Pay War
Debt By Compulsion.

TO INVADE REGION

Paris, France, Aug. 3.—France plans to invade Germany and seize and operate the mines in the Ruhr basin if the Berlin Government refuses to pay the war debt.

Industries now in the hands of Stinnes, Thyssen and Krupp, all multimillionaires, will be operated by France until all obligations are met. The French Press outlined Premier Poincare's plan today. According to the plan a Rhineland customs barrier would be set up against Germany. The Rhineland Commission, in the event the plan is carried out could call for an election which would give the territory autonomy.

The Petit Parisien states that France is willing to reduce Germany's debt to twelve billion dollars on condition that the inter-allied debts are concluded.

TODAY'S GREATEST QUESTION

MUST WE HAVE
FORD CARS?

Lansing, Mich., Aug. 3.—The Ford Motor Company's plant at Detroit must shut down within fourteen days because of a shortage of coal. Charles Sorensen, General Manager, told the Fuel Administrator here today. Sorensen appeared before the Fuel Commission to ask that priority orders be issued to the Ford plant.

ALL BORO MAYORS ASKED TO REFUSE CARNIVAL LICENSE

If the state board of health edict is carried out, Ridgway has seen its last carnival, for the scavenger of the show business, the traveling carnival, has been given a death blow in the state, through the activities of the department of health. Commissioned Edward Martin and Dr. S. Leon Gans special director and Dr. S. have taken the matter in hand and unhesitatingly declare that the carnival is a menace to the public health and the morals of the community and must not appear in Pennsylvania. They did this on their own initiative as vigilant and conscientious health officials. The expedient of having all mayors, burgesses and other heads of municipal divisions refuse licenses to the carnivals has been adopted, and it is believed that no more of these shows will be located in Pennsylvania.—Ridgway Record.

REED, WILSON FOE, HAS LEAD IN RACE FOR U. S. SENATOR

Kansas City, Mo., Aug. 3.—Opposition to Woodrow Wilson was believed today to have carried Senator John A. Reed to victory over Breckenridge Long. Incomplete returns indicated that Reed's majority would be between 3000 and 4000. Returns from the missing precincts in the Ozark Mountain regions were expected to increase Long's total but leave Reed ahead.

COST OF LIVING—ON WHEELS IS REDUCED

Pittsburgh, Aug. 3.—A reduction of 2c per gallon in the price of gasoline was announced here today by the Gulf Refining Company and the Atlantic Refining Company. The new price is 27c.

SAYS LIFE IS TOO SHORT TO WASTE TIME WORKING DAY AND NIGHT TO GIVE GOOD SERVICE WITH SMALL FORCE AND A POOR EQUIPMENT

WANT TO SEE A HAPPY BUNCH OF KIDS? VISIT THE PLAYGROUNDS IN THIS CITY!

It is a little to late in the day to ask our readers to go around to the public playgrounds being maintained by Community Service and see four happy bunches of kids, but we saw them today, and cannot help but tell about it. The playground is, without a doubt, the most popular thing in town today, especially among the children who, were it not for these fun spots, would have to hunt a hole in an alley or a street gutter to play in.

On every play ground "thing that strikes your attention is he pure, unalloyed fun the kids are having. Here they are swinging safely constructed swings, there they are on the sliding board, an improvement on the old cellar door which tears clothing. A group is squatted in a semi-circle listening to a goblin story or about mother rabbit feeding carrots to the little bunnies. Still another group is learning a drill or a dainty little folk dance. Then for the older "fellers" they have the Japanese ladders on which they can do about everything they do in a circus. And they do it. This isn't all, there are sand piles and see-saws. If

you are not sending your kiddies, they're missing something you missed when you were a kid and that is why you are so grouchy.

It was indeed a happy selection that the Community Service organization made when they sent Miss Leighton here as director. Miss Leighton is an organizer of great ability, knows her profession from A to Z and keeps everything running smoothly from early in the morning until late at night when the Community activities are over.

In the four local girls who are supervisors she has able assistants and their work is being favorably commented upon by everybody. feature of every Monday, Wednesday and Friday afternoons, between the hours of 3 and 4 o'clock is the story telling. Miss Isabelle Powell has charge of this feature on all playgrounds and on these days Miss Powell and her assistants who volunteered for this work are always on hand with an interesting tale for the kid diens and you should see their eager faces as they nestle down on old mother earth to hear about new things.

Clearfield Getting The Short End Of The Stick From Federal Officials In Charge Of Mails.

COMPARISON MADE

That the job of running the post-office of Clearfield is one to try the patience of a Job and the Postmaster does not find himself enjoying a "bed of roses" after having the job wished upon him, is again demonstrated by the action of Postmaster W. E. Tobias, who has sent his resignation to Postmaster General Work.

Mr. Tobias has held the position about three years but he says it seems like thirty-three.

The Clearfield office entered the first class during the first Year of Postmaster Tobias' term, when the postal receipts reached the \$40,000 mark. Last year the postal receipts of the office ran over \$63,000 yet the Postoffice Department with that old archaic system asks the Post Master to take care of that added business with practically the same force employed when but half the amount of the present business was being done at this office.

To illustrate, the receipts of the Clearfield postoffice for 1921 were ten thousand dollars in excess of that of any other postoffice in the county. This business was done, too, with a force of nine in the office, including the postmaster. This, too, despite the fact that DuBois, the second largest postoffice in Clearfield county, employs a force of thirteen, including the postmaster, while the latter place has five more letter carriers than Clearfield.

In addition to all this Clearfield is the one office of anything near its importance where the general delivery window is also used for the parcel post business.

These are only a couple of the many complaints and burdens put upon the Clearfield Post Master and the patrons of the office and it is high time the Postoffice Department is made to realize that "something is the matter with the Clearfield post office and we want it and must have it corrected.

But we'll give you more along this line later.

Postmaster Tobias says life's entirely too short to devote seven days a week thirteen hours per day, for the \$3300 per year the office pays, and just as soon as his resignation is accepted he expects to embark in some other business.

VOCATIONAL SCHOOL BUILDING AT WEST SUNBURY BURNS

Butler, Pa., Aug. 3.—The vocational school building at West Sunbury Borough, ten miles west of here, was burned to the ground today by fire believed to be of incendiary origin. The school building, valued at \$20,000 was operated as an auxiliary to Pennsylvania State College.

FORGER ARRESTED IN DUBOIS EXPERT IN HIS PROFESSION

Has Traveled All Over
Country Since De-
camping With Morris-
dale Girl.

SAYS HE IS GUILTY

Charged with forgery, larceny, trickery and artifice, Harry Pergin, formerly employed around Phillipsburg and arrested in DuBois Tuesday was given a hearing before H. C. Warfel, justice of the peace at Phillipsburg Wednesday. He was placed under \$5,000 bail for his appearance at court, and in default, was committed to Bellefonte jail. He was taken over to the county seat this morning.

Pergin back in the early part of 1921, was located at Morrisdale. He worked at the brickyard at Phillipsburg, and later was employed by J. J. Hamilton. Feb. 22, 1921, he presented a check at the Moshannon National Bank there for a considerable sum of money. The check was drawn on the First National Bank at Cherry Tree and was signed John D. Little, attorney at law. Pergin opened an account at the Moshannon National Bank with the check, drawing out some money. Later it developed the signature was a forgery. It also developed that Pergin had consorted for parts unknown, taking with him a Morrisdale girl named (Continued on Page 2).

HUNDRED OR MORE BANDS WILL ATTEND LEGION CONVENTION

New Orleans, Aug. 3.—New Orleans will entertain the largest assembly of musical organizations in its history during the American Legion national convention next October, according to plans announced by the convention band contest committee.

More than one hundred bands and (Continued on Page 2).

FARMERS WARNED TO STUDY FERTILIZERS BEFORE PURCHASING

The fact that the father of the lime specialist at the College purchased lime marl last year for his farm in eastern Pennsylvania is being used by marl salesmen as an advertisement of their product. They no doubt neglect to mention the fact that, in the case cited, the cost of the marl, both at the plant and delivered, was practically the same as the cost of a good grade of ground limestone, and but little more than half the cost of hydrated lime. Under these conditions, the marl, purchased direct from the manufacturer and used at the rate of 1500 pounds per acre, was economical. At the prices generally quoted by agents in Pennsylvania this year, however, economy of buying marl would be extremely doubtful and one should weight the facts and study carefully before investing.

Good mail analyzes about fifty per cent total oxide of lime, somewhat lower than the average ground limestone. The marl, on account of its softness dissolves in the soil more (Continued on Page 2).

Tom Sims SAYS--

It is to be good, seldom get the way in case. Talk cheap what you are talking back to a cop. Get a judge ruler a station is a deadly weapon. Can you guess whether he is married or single. A man trying to show what he knows often shows what he doesn't know.

No lives have been lost in the air mail service for a year. A plane can't fall with the stuff they write nowadays.

A political machine is some thing, like a talking machine.

King George's son-in-law has quit work; but George hasn't any more daughters left.

Health hint in borrowing trouble be sure you can pay it back.

Now they want laws to protect a plane traffic. Maybe they could repeal the law of gravity.

Jumping at conclusions lands you in a hole.

A child has to be old enough to go to school before it can reach its mother's skirts.

London air deposits tons of dirt every month. That's why the British can't see through a fog.

Decatur (Ill.) news struck before the could wash their faces. This is vacation time.

Boys will be boys and girls will, too, in a few years.

The auto has done lots for people and done for lots of people.

Every time we read about Europe we wish the Atlantic ocean were as wide as the Pacific ocean.

If every day were Sunday some people would work themselves to death.

This may be an awful country, but people in China have to get up 12 hours before we do.

Twin beds would be fine if you could sleep in one and get the mosquitoes to use the other.

Women will not be men's equals until little girls want to be policemen when they grow up.

New war in Europe is predicted. Hope we have sense enough to make our old one do for a while.

Wonder what the man who thinks up soft drink names thinks about them after he gets sober?

Missionaries being sent to the Eskimos won't get anywhere telling how bad it is in the north.

She likes to go to the mountains to see the scenery when she can go to the beach and see the scenery.

When some one finds money in the pockets the wonder whose pockets they are wear.

A soldier bonus is a whole lot of service chevrons and a whole sleeve full of wound stripes.

Beatrice Smith. The forgery was reported to the American Bankers' Association, which in turn placed the matter in the hands of the Wm. J. Burns International Detective Agency, Inc., which has offices in thirty-two cities in the United States, Canada and in London. The agency was given a photograph of Pergrin and an accurate description of his appearance, of life and other information which detectives find useful. But they failed to locate Pergrin, who, according to his own story has been in many states and cities since leaving Philadelphia. It is said he had gained \$1200 from the Empire National Bank at Clarksburg, W. Va., recently. He said he had not been in all his travels by any of

When the commissary was started at the B. R. & P. shops in DuBois following the importation of guards Pergrin was employed as cook for the outfit. Recently his lady friend returned to her Morrisdale home on a visit. A Burns detective had been keeping tab on her home and after interviewing her learned enough to make him believe the man he was seeking was located at DuBois as that was the place the Smith woman purchased her ticket for Morrisdale. DuBois was visited and Pergrin quickly located with the aid of the State Constabulary at DuBois. Pergrin, when taken into custody at DuBois said "Alright, old man; you're on the right track, I'm the fellow you're after."

Pergrin, in the custody of the detective and State Trooper Hodgeson passed through Clearfield yesterday morning, for Phillipsburg. Pergrin is 32 years old. It is said he has a wife living at Clivmer. He is known by many people here and at Morrisdale.

CHARLES E. PHILLIPS Charles E. Phillips, a former resident of Clearfield, passed away at his home in Osceola on Tuesday afternoon, Aug. 1, 1922, at 3:10 o'clock.

The deceased was born at Jeffries Nov. 25, 1873. He always lived a clean, upright life and was esteemed by all who knew him. He had been in declining health for the past two years.

He is survived by his widow and two stepdaughters, Berenice and Lena. His parents, Mr. and Mrs. J. H. Phillips of Irvona; one sister Mrs. Ed. A. Newton, of Philadelphia, and two brothers, Z. T. Phillips, of Irvona and Joseph E. Phillips, of Clearfield.

Funeral services will be held at his late home Friday afternoon at 1:30. Interment will be made in Hillcrest cemetery.

drum corps from all parts of the country are expected to compete in prize contests. Entries, which will be restricted to Legion organizations, will be judged by a committee of New Orleans musicians as the units march by the reviewing stand in the celebration parade.

Prizes for the band contest will be first, \$1,000; second, \$1,000, and third, \$250. Bands will be judged on the following basis: Playing, 75 points; appearance, 10 points; marching, 10 points and number of instruments, 5 points.

The winner of the drum corps contest will receive \$250, with a prize of \$100 for second place. Playing will count for 50 points; appearance, 20 points; marching, 20 points and number of instruments, 10 points.

Blotting Paper for Cleaning Machines

The use of blotting paper for cleaning machinery has been common for years. The Germans were among the first to employ this method. It is said to be not only cheaper, but does not soil the machine with filth and dust like some cloth does. It is not as combustible as some other cleaning materials, and is said to be safe to use in the machinery it cleans easily and is not as liable to draw the hands of the operator into danger.

Rides 30 Years

Richard H. Cook, 32, has been a policeman for the Department of Agriculture in Washington, D. C., 59 years. For the past 30 years he has made his rounds on a bicycle.

Farmers Warned To

Continued From Page One

quickly than the coarser particles of ground limestone, so that where applications must be very light, under 1000 or 1200 pounds per acre, immediate results may be somewhat better with marl than with limestone. Where more liberal amounts, really adequate to sweeten a sour soil, are used, however, there is no reason to expect much difference in the effect of the two applied at the same rate.

Good hydrated lime should analyze about seventy per cent total oxide, or two-fifths higher than the marl. It is soluble as quickly and completely as the marl, if not more so, and being finer can be more thoroughly mixed with the soil. Good ground burned lime should analyze higher than the hydrated and be equally prompt in action. Recent experiments have failed to prove the contention that these latter forms of lime seriously destroy humus and thus never injure crops when used in moderation.

No fault is to be found with marl as a source of lime. The price at which it is generally sold seems, however, quite out of proportion to its analyses in comparison with other forms of lime. The claims made by salesmen regarding its superiority have little if any apparent ground. The marl contains nothing of value in addition to lime, except a trace of phosphoric acid, so that it cannot be substituted for fertilizer on the grain crop, as is being advised. The use of a few hundred pounds of marl in the drill could not be expected to show much more effect than a similar amount of fine limestone or a lesser amount of burned or hydrated lime. A testimonial from farmer Jones that he used marl when drilling his wheat and secured a good crop and a good stand of clover does not prove the superiority of the marl over other lime; in fact it proves nothing at all unless he left an unmarled strip which showed up poorly.

Plan to End Soapstone Waste.

An eighth or ninth of the soapstone quarries in the United States is waste, but it is planned to utilize this waste as a substitute for low grade tale.

Clergymen Live Long.

Statistics show that more than 40 per cent of the clergy live to be septuagenarians.

LEGAL

NOTICE TO CONTRACTORS

Sealed proposals giving lump sum price accompanied by receipt for certified check in the sum of One Thousand Dollars (\$1000.00) will be received by the Board of Commissioners of Public Grounds and Buildings at the office of the Superintendent, Capitol Building, Harrisburg, Pa., until 12 o'clock noon, Tuesday, August 8th, 1922, for the reconstruction complete and repairs to the abutments and piers, and the necessary work in connection with the approaches, of a bridge over the West Branch of the Susquehanna River near Mowrie on the New York Central Railroad (River Division) known as the Rolling Stone Bridge, between the Townships of Covington and Cooper in Clearfield County, Penna.

Parties desiring copies of drawings can obtain same by depositing Ten Dollars (\$10.00) which will be refunded upon return of the plans and specifications in good order. Proposals must be made out upon blanks furnished by the Commonwealth of Pennsylvania. All blanks must be properly filled in and no change in phraseology shall be made. Bidders must make satisfactory arrangements for the materials they propose to use, to be delivered uninterruptedly in such quantities as to complete the work within the term of the contract. Delay in receiving materials for the work will not be accepted as a reasonable excuse for non-completion of the contract according to the terms thereof.

The Board of Commissioners of Public Grounds and Buildings reserve the right to reject any and all bids. The words "PROPOSAL ROLLING STONE BRIDGE" must be plainly marked on the outside cover of all proposals.

The State Treasurer's Department, of the Commonwealth of Pennsylvania, will furnish receipt to be enclosed with the bids for all checks deposited with the State Treasurer for such purpose prior to ten o'clock A. M. Tuesday, August 8th, 1922.

By order of the Board of Commissioners of Public Grounds and Buildings of the Commonwealth of Pennsylvania.

T. W. TEMPLETON,
Superintendent
SAMUEL B. RAMBO,
Secretary to Board.

BONDS FOR SALE

The Board of School Directors of the School District of the Township of Woodward, County of Clearfield, Commonwealth of Pennsylvania, will offer for sale to the highest responsible bidder, at the office of the Secretary in the Township of Woodward, at 12 o'clock, noon Saturday, August 19th, 1922, \$26,500.00 of its school bonds. These bonds are dated July 1st, 1922, payable in 30 years from date and bear interest at 4 1/2 per cent; interest payable every six months. The bonds are subject to redemption at any interest date after five years. All bids must be sealed and addressed to E. O. TOBIAS, Secretary of the School Board, Houtzdale, Penna. No bids will be held at less than par value and accrued interest.

The School Board reserves the right to reject any and all bids. By order of the Board of School Directors of the Township of Woodward.

L. O. PHILLIPS,

NOTICE TO BIDDERS

Sale of \$27,000 Bigler Township Road Bonds.

Notice is hereby given that the Supervisors of the Township of Bigler will on Wednesday, 23rd day of August, 1922, at 10 o'clock A. M. at the office of the Supervisors in the Village of Madera, Pennsylvania receive sealed bids and sell to the highest bidder \$27,000 par value, of Bigler Township Road Bonds of issue of 1922.

These bonds are a part of a \$52,000 bond issue assented to by the qualified electors of the Township of Bigler

at a special election held in said township on the 20th day of September, A. D. 1921, and this issue of bonds is authorized by resolutions of the Supervisors of said Township unanimously adopted on the 11th day of July, A. D. 1922, said bonds being issued for the purpose of payment of certain obligations, for which the Township of Bigler has become liable, in the building and construction of certain portions of roads in the Township of Bigler, and for the payment for rights of way and damages caused by relocation and construction of roads as particularly set forth in the resolutions aforesaid.

These bonds bear interest at the rate of 5 1/2 per cent annum, payable semi-annually, to wit, on the 15th days of February and August in each year to maturity; are issued free and clear of all State taxes of the State of Pennsylvania.

The bonds to be sold are 27 of the denomination of \$1000, numbered from 1 to 27 both inclusive are what is known as coupon bonds; and mature and become payable, on the 15th day of August, A. D. 1937.

The bonds bear date of August 15, 1922.

No bids will be received on said bonds at less than par and accrued interest.

The Supervisors reserve the right to reject any and all bids.

By order of the Supervisors of the Township of Bigler.

EXECUTOR'S NOTICE

In the Estate of Mary E. Flegal, late of Goshen Township, Clearfield County, Penna., deceased.

Letters testamentary having been granted to the undersigned, all persons having claims against said estate are requested to present same, duly authenticated, without delay and all persons owing said estate should make prompt settlement.

CLARK FLEGAL,
A. H. Woodward, Atty. Executor.
8/3 10 17 24 31 9/7 ch Clearfield, Pa.

LEGAL NOTICE

Notice is hereby given that application has been made to the Public Service Commission of the Commonwealth of Pennsylvania, under the provisions of the Public Service Law by SOUTH PARADISE TELEPHONE COMPANY for certificate of Public Convenience evidence the Commission's requisite approval to application for a charter of and intended corporation called "SOUTH PARADISE TELEPHONE COMPANY", the character and object of which is the constructing, owning, maintaining, equipping, installing, leasing, acquiring and operating a telephone system of systems to furnish telephone service and the purpose of owning any interest in telephone line or lines, property, rights, privileges, or franchises, and for the transaction of any business incidental to telephone service and business. All of the telephone system of the said corporation is to be located within and limited to the territory described as follows: Big Run Borough, Henderson Township, Gaskill Township, the southern portion of McCalmont Township, the northeastern portion of Bell Township, the said Borough and townships being located in Jefferson County, the northern portion of Banks Township, Indiana County, Troutville Borough and the southwestern portion of Brady Township, Clearfield County; The telephone lines of said corporation shall begin at Big Run and extend by various routes throughout the territory above described.

A public hearing upon this application will be held Wednesday, August 1st, 1922, in the City-County Court at Clearfield, Pa., at 10 o'clock A. M. and at 2 o'clock P. M. and at 8 o'clock A. M. Standard time, when and where all persons in interest may appear and be heard, if they so desire.

HENRY I. WILSON,
Solicitor, South Paradise Telephone Company.

HAD THUMB BADLY LACED

William, the 18-year old son of Mr. and Mrs. W. C. Goss, of West Third Avenue, had one of his thumbs badly lacerated when it came in contact with a rapidly revolving saw at he planning mill of the Gearhart Lumber and Supply Company. The accident occurred late yesterday afternoon and the young man had his injuries attended to at the Clearfield Hospital.

"Wizard of the North"

"The Wizard of the North" was a sobriquet bestowed upon Sir Walter Scott (1771-1832), the author of the celebrated "Waverley Novels," in allusion to the magical influence of his works. By several authorities it is stated that the name "Wizard of the North" was given to Sir Walter by Prof. John Wilson, better known by his pen name of Christopher North, in 1817. Scott and Wilson were intimate friends and contributors to the celebrated Blackwood's Magazine, in which it is said that the sobriquet first appeared.

Development of the Horse.

The first known ancestors of today's monarchs of the turf were not much larger than cats and had four toes in front and three behind, but their habit of getting upon their toes developed the hoof, which is really just toe nail.

Wine in Old Testament.

The first mention of wine in the Old Testament makes Noah the first to plant a vineyard and the first to yield to the temptation to drink too deeply of the fermented grape juice.

ODDS AND ENDS AND THINGS

By J. D. C.

The following communication is self explanatory and is published in the hope we may be able to secure the information asked for and transmit same to Comrade Cook:

Bridgton, Me., July 31, 1922.

Dear Sir:

Will you please tell me if you can, if Comrade Sullivan T. Hall who was a member of Company "M", First Maine Cavalry during our Civil War is still alive and residing in your city?

If so will you please give me his address. If he has passed over, his death date as near as you can conveniently. Our Reunion Regimental Association is trying to place every member who served in our regiment, both the living and the dead.

Those who have gone before, are to have a Tablet in our Capitol at Augusta, Maine, on which their names will be inscribed.

I will thank you in advance for the word for help.

Respectfully yours,

M. B. COOK.

Formerly Co. "B" 1st Maine Cavalry.

Output of auto trucks and passenger cars during July will be close to 300,000 vehicles, it is indicated in preliminary reports to the Government, unless the fuel and rail strikes hamper production.

June output totaled 287,875 vehicles official reports show, an increase of 216 per cent over January.

Government observers and automobile dealers are marveling at the unprecedented increase in demand for vehicles. A seasonal increase is generally expected and usually materializes in the early part of each year. But the increase of 1922 exceeded all expectations.

By many economic observers the automobile (especially the passenger car) still is classes as a luxury. This he industry bitterly resents.

Luxury demand increases only when business conditions are good and usually in direct proportion. The present unusual increase in demand for automobiles is, therefore, taken as a measure of the nation's progress toward prosperity.

January production of passenger cars was \$1,400, while the output of trucks was 9,344, a total of 91,037 vehicles.

June production was 261,963 passenger cars and 25,912 trucks.

During the six months truck production increased 177 per cent and passenger car output 216 per cent.

The full effect of the two nationwide strikes will not be felt by the automotive industry until next month it is believed. This is because most plants were well stocked with materials and fuel when the strike began.

A prominent medical journal so far abstains from the austere attitude of technical science as to quote what is described as "an amusing, even if not very precise estimate of the total chemical composition of the 'average man'."

The estimate is thus summarized: "Fat enough for seven bars of soap iron enough for a medium sized nail, sugar enough to fill a shaker; lime enough to whitewash a chicken coop; phosphorus enough to make 2,200 match tips; magnesium enough for a dose of magnesium; calcium enough to explode a toy cannon and sulphur enough to rid a dog of fleas."

"Many items in this estimate," explains the medical authority, "are left largely to the imagination, such as the size of the dog and the number of his tormentors, but the total cost of ingredients is given as ninety-eight cents. Rather high for some fellows we know."

Next week Gen. Nelson A. Miles will celebrate his eighty-third birthday and the nineteenth anniversary of his retirement from the United States Army. He is yet regarded as both the handsomest and best-dressed man in Washington.

Commander of an army corps at the age of twenty-five, General Miles is the oldest and one of the few United States Army officers who "won all the way" by gallantry in action as well as by military skill. He was wounded dozens of times and in person led many a charge against the hostile Indians of Sitting Bull, Chief Joseph, Crazy Horse and Natchez.

Drifts of Sand.

Wherever dry, loose sand occurs, it is being constantly shifted by the wind. It often buries cultivated lands, buildings and forests. On the shores of Lake Michigan, there are drifts 100 feet deep. Those in Cornwall reach 300 feet in depth, and the drifts of the Gobi desert are 40 miles long and 800 feet high in places. On the shores of the Bay of Biscay, the drifts are 100 feet high and 20 feet a year; in parts of the Sahara, 100 feet, and in some parts of the Himalayas, 17,000 feet.

HORSE SHOE RESULTS

A horse shoe game was run in last night out of schedule to help make up for a lot of wasted time on the courts, with this result:

Ennie and Derrick, 3 games, 53 points.

Neil and Stewart, 2 games, 77 points.

All competing teams have notified enough, but absence on the part of teams or individuals foots up the following list of forfeited games:

Cowdick and Goss to Peters and Shipley.

Reed and Turner to Cowdick and Shaw.

Breth and Bumbarger to Brunner and Hughes.

McCarthy and Braund to Woods and Woods.

There is no need of persuasion to sweep the playgrounds in the game.

Witner Park beat Reedsville Saturday on the latter's court 2 games out of 3, 56 points to 56.

Cats Sense Earthquakes.

Cats and some other animals seem to be endowed with what some investigators regard as a sixth sense in their ability to sense the approach of an earthquake or similar disturbance. It is frequently noted that the cats are very restless just before one of these demonstrations. At Valparaiso the family cat of a well-known scientist was noticed to be very restless, its uneasiness increasing up to the point when a "rumble" was experienced and during the disturbance the animal's hair was raised and ears flattened.

Tame Youngster.

Neddy visited a neighbor who had a baby. The infant clasped Neddy's forefinger with his tiny hand and Neddy said solemnly to his nurse: "That baby's just as tame."

DEATH OF SENATOR CROW

Senator William E. Crow was sick for more than a year, and for months it has been realized that there was practically no chance of his recovery. The sorrow that his death brings is tempered, therefore, by the thought that his suffering is ended.

He was in the United States Senate for too short a period and took too little a part, because of the condition of his health, in its proceedings to make possible an estimate of his value to the Commonwealth in that capacity.

A better judgment can be formed of his character as an active participant during many years in State politics, and probably no worthier tribute can be paid him in this connection than to state that his political and partisan foes, including those who fought him most bitterly and disagreed most completely with the policies for which he stood, respected him.

Senator Crow's life should be an inspiration to young men, showing, as it does, the opportunities that are open to the American youth who possesses grit and is industrious to win riches and distinction. Mr. Crow came up from obscurity solely through his own efforts. He was a country boy, brought up on a farm and educated in the public schools. As a young man he taught school and worked for a time in Pittsburgh as a newspaper reporter. He rose by his own qualities, and his career may be taken as an example by other ambitious Pennsylvania boys of what it is possible to accomplish if one is made of the right stuff, even though one begins in life in an obscure position and without the advantage of rich and influential friends.

BE A GOOD SORT

This is the time of year and almost any hour of day when every attractive shady nook close and far from the highways becomes the site of a picnic or lunch party.

Thanks to nature and in some cases to kind-hearted owners, these spots are inviting, clean, tidy—and so the picnic folks, whether they toddle out of a motor or trolley car, shout their pleasure at the discovery and take possession. Too often a few hours later these attractive spots are a litter of lunch-boxes, plates, oiled paper, egg shells, sardine cans and banana skins.

You see the point now, you careless or indifferent picnicker.

And so why not be a good sort?

If nature or some person made the place attractive for you, why not leave it attractive for others who may follow? In other words, why not clean up, burn up the litter, taking care to extinguish the fire before you leave, or collect the refuse and cart it away with you to a regular dump?

Surely after the pleasure you have had out of a picnic spot, you would not intentionally want to mess it up for others because if every one were that sort, the fascinating spot in which you lunched, would not have been attractive at all.

Of course, if after dinner at home you sweep the plates on the floor, hurl the knives into the plaster or leave the food debris scattered over the table cloth, it is natural to carry such manners into the woods and onto the byways.

Consideration for others is one of the finest of human assets.

"Rid up," as the colloquialism goes, after the picnic and BE A GOOD SORT.

OUR POSTOFFICE

The resignation of Postmaster W. E. Tobias will come as a surprise to our readers this evening. It is the most unusual thing in the world for a postmaster, in a city of this size, to resign from an office paying as much as \$3,300 annually. It is all the more unusual when Mr. Tobias says that he does not know where his next job is coming from, and doubly so after all the powers at the command of the Palmer wing of the Democratic party were invoked to land, what insurgents said was a Brady township Democrat in the Clearfield post-office.

Mr. Tobias is a Democrat, his predecessor, who also failed to make things go as they should was a Democrat. It would be the most natural thing in the world for a Republican newspaper to heap all the blame on the heads of those men for partisan ends and purposes but such a course would be unfair and unworthy of a newspaper trying to treat events from a community angle and in a spirit of helpfulness.

For better than six years, we have been blaming the postmaster here for the inadequate and disgraceful service we are getting. Charges have been frequently made that the civil service protection thrown about the employees of the postoffice entirely denude the postmaster of any authority to speed work up in the office. There may be some truth in both allegations but we are not in a position to judge.

Mr. Tobias frankly says that the force is inadequate and he has found it impossible to give service. We have personally heard both him and his predecessor vainly trying to work out schedules, with the small force, which would permit of enough men being on duty for rush hours to attend the distribution of the mail and the public windows.

The Progress believes it about time that the Postoffice Department gives this city a little recognition and put at the disposal of the postmaster, whoever he is, something to work with.

Villages Afloat.

In the British North Sea fishing fleet are engaged 50,000 men and frequently these trawlers do not see land for many weeks or even months. Their catches are sent to port by steam carrier, and their lives would be very monotonous were it not for the ships that visit them with provisions.

Well Well!

Mrs. Joak: "I nearly fainted on the crowded street car coming home." Mr. Joak: "So close in the car?" Mrs. Joak: "No, a man offered me his seat."

Admitted.

A magazine with the uplift fever asks: "Is any man perfect?" We blush. We hesitate. But vastly of more importance than our spiritual comfort is the duty we owe the public. Therefore, fighting back the inclination to keep silent, we have to the demand of humanity and admit it. We are.—(Chicago) Times Dispatch.

What Is Success. After All?

Success is something which some women are content to envy in others—and some women achieve for themselves.

THE OLD HOME TOWN -- By Stanley.

Philipsburg Athlete Is
Just Six Months Old But
He Does Great Stunts

Philipsburg, Aug. 2.—Paul B. Humphrey is a trained athlete at 6 months of age. He is the son of Mr. and Mrs. Theodore Humphrey, a trifle more than 6 months old and has been in training ever since he was 2 months old. His father is a trainer and is the child's instructor. His mother is his dietitian.

His main food is whole wheat and milk prepared especially by his mother. He also gets a sip of fruit juice now and then. He gets a few minutes' training each day, the exercise is not exhausting. He is the youngest of five children never has been ill, sleeps out of doors and is the most talked-of baby in Centre county.

Visitors are many to see this young star. He is a wonder in physical development and his stunts in performing are worth going a distance to see. He weighs eighteen pounds and has a chest development of eighteen inches.

Th boy can hang by one hand to a rope, extending himself rigidly and horizontally, supported only by the hands of his father who grasps him below the knees. He can swing by both hands.

Worse Than Poison Ivy.

The most dangerous vegetable irritant poison is that of the ironwood tree of the Fiji Islands. One drop of the sap falling on the hand is as painful as a touch of a hot iron.

SENATOR CROW WILL
BE BURIED SATURDAY
AT UNIONTOWN HOME

Uniontown, Aug. 3.—United States Senator William Crow, who died yesterday, will be buried Saturday afternoon. Services will be held at the home and interment will be in Oak Grove cemetery here.

When the Fayette county court was notified of the death, adjournment was taken. A special meeting of the County Bar Association was called. Attorney E. W. Smith, law partner of David A. Reed, made a memorial address.

Funeral at 2:30 P. M.—Uniontown, Pa., Aug. 3.—The body of Senator William E. Crow, who died from pernicious anaemia yesterday, lay in state at his home in the mountains at Chalk Hill today. Funeral services will be held at 2:30 P. M. on Saturday. The funeral procession will travel the eleven miles to Uniontown where interment will be made at Oak Grove Cemetery. Both the funeral and interment will be public.

Righteous Can Always Hope.

The hope of the righteous shall be gladness, but the expectation of the wicked shall perish.—Solomon

Uncle Eben.

"De man dat said talk is cheap," remarked Uncle Eben, "done folgot dat time is money."

Width of Strait of Dover.

The distance from Dover to Calais, across the strait of Dover, is twenty one miles.

Mr. James B. Graham, of Williamsport, transacted business in town Wednesday.

Quite a number of young folks attended the dance last evening at the Clearfield Driving Park.

KID CORPORAL SCORES AGAIN

John Shoemaker, Through Phoenix American Legion, Draws West Point Appointment.

The "Kid Corporal" has scored again. John Shoemaker, who enlisted in the army at fourteen and served many months with the American expeditionary forces in France, has now received presidential appointment to West Point. Shoemaker recently graduated from a high school in Phoenix, Ariz., where he took special courses in military tactics under Maj. Claude Devatur Jones. The Major Jones became interested in the lad because he had such an unusual war record.

Young Shoemaker served with a machine gun company in the first four months of the war, during which he followed the World War. His West Point appointment followed a campaign in his behalf by the Phoenix American Legion and Major Jones who were anxious that a war veteran should take the place at the military academy vacated by Charles Barrett, an overseas hero who graduated at the head of his class last June.

Fannie Ward, American actress who broke her arm when she fell down the stairs at the Grand Hotel in Deauville, France, suffered a relapse when she was taken to London to be treated by Sir Albrecht Fripp, the king's physician.

STOP ITCHING SKIN

Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, Pimples, Blackheads, Eczema, Blotches, Ringworm and similar skin troubles will disappear.

Zemo, the penetrating, satisfying liquid is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

THE AMERICAN LEGION

(Copy for This Department Supplied by the American Legion News Service)

MAKES MOVIE PICTURE NOW

Roger Sullivan, Former Engineer, Disabled in World War, Successful in Camera Work.

The fact that he was an engineer before the war may help him to understand the mechanism of a motion picture camera, but the knowledge of proper lighting effects and other things incident to the successful production of motion pictures had to be learned by Roger Sullivan, after he was seriously disabled in the World War.

Sullivan was wounded while operating with the United Naval forces in France. After the war, young Sullivan found that his injuries were such that he could not successfully "carry on" as an engineer. Under the supervision of the U. S. Veterans Bureau, he entered a school of photography in New York and has completed a course in motion picture making and "still" photography.

Sullivan and His Camera.

Together with James E. Pelkey, another disabled veteran who took the same course, Sullivan is producing a picture entitled "Another Chance." The picture depicts every stage through which a disabled veteran passes from the time he leaves the hospital until he has been completely rehabilitated in some school of vocational training.

The film closes with the picture of President Harding. The photograph of Sullivan "shooting" the President was taken by Pelkey.

Sullivan and Pelkey spend their spare hours in the club rooms of the Washington Heights post of the American Legion in New York City.

Historic Dodo.

"As dead as the dodo" is a common expression but few know what man, nor bird, the dodo was or what drove it from the face of the earth. The dodo was a large bird, with a huge beak and useless little wings. Portuguese and Dutch sailors found it on the island of Mauritius in the Indian Ocean during the sixteenth century. It was so stupid that the Portuguese named it "dodo," a simpleton. Pigs introduced into the island by the Europeans destroyed its eggs and young and it became extinct in the seventeenth century.

As We Grow Up.

About all the difference between children and us grownups is that we watch no and ain't so happy. —Atchison County (Mo.) Mail

"That's the Brand" "JUST FOUND IT" The malt that makes the home drink sure, strong and snappy.

FOLKS ARE JOINING THE FREDERICK PIANO THRIFT CLUB At The RATE of Seven & Eight a Day And as the Membership Is Limited--- You Better Join Tomorrow.

THE PLAN

Briefly, we have arranged to form a Club for thrifty piano buyers. We will supply the members with one of these famous Pianos, Player-Pianos or Baby Grand Pianos from our regular stocks. We will allow each member three years to complete their payments and we will protect each member in case of sickness or non-employment. We will assume all risk in case of fire, we will fully guarantee every instrument ten years. We will allow you six months to exchange the instrument if you think you would prefer something else. Surely no better opportunity could ever be secured for an intelligent purchase of a piano or a player-piano.

LIMITED MEMBERSHIP

Naturally, because of the unusual advantages offered, we must limit the number of instruments to be sold under this Plan. No matter what your taste may be, this Club can supply your wants. Only Members will be allowed the advantages of these special prices and conditions. As soon as the allotted instruments are sold, the Club will close. This is an opportunity that thrifty buyers will gratefully remember.

THE PURPOSE

The purpose of this Club is to apply common sense—thrift and economy—to piano buying. Music is a necessity. It is as necessary for happiness as food, shelter and raiment. Every general in the World War knew this to be a fact. It was the singing soldiers who won the battles. It is the musical families who win life's battles.

An intelligent purchase of a musical instrument is a thrifty thing.

Music encourages thrift. The object of thrift is happiness, and where there is music there is happiness. Music stimulates family morale; it makes the home more attractive, there is less temptation to seek amusement and entertainment elsewhere. Thrift, intelligent families have music in their homes. This opportunity is for thrifty families.

APPLICATION FOR MEMBERSHIP

Date, 192....

Gentlemen:— Please enter my application for membership in your THRIFT CLUB. I herewith pay you the membership fee of One Dollar (\$1.00), which, if my application is accepted, will entitle me to a full membership in your Thrift Club, together with all the Club advantages if I select a Thrift Club piano or player-piano at your store after my application is accepted, it being distinctly understood that if my application is rejected or if I decide not to make a selection, the membership fee will be refunded.

I am interested in, (Piano, Player-Piano or Grand Piano)

I give below names of two business references to whom you may write for information as to my integrity and responsibility:

The Census in 3800 B. C.

While priding ourselves upon our census system it may be well to remember that census taking is no new thing. The first count of British heads took place in 1801, after long opposition based on superstition. The Romans looked upon it as a regular institution. But it is now found that Babylonians took a census before 3800 B. C., which was perfected, and returns made by districts. In 2500 B. C. Fragments of the returns in the second dynasty of Ur are on tablets in the British museum.—From the Scientific American.

The "Fearless Victory."

According to Plutarch, the "fearless victory" was the name given by the Spartans to the victory won by their king, Archimedes III, in 367 B. C., over the combined forces of the Arcadians and Argives, without the loss of a single man on the Spartan side. It is said that as many as ten thousand Arcadians fell in the struggle.

Bath in West Africa.

The Bantu of West Africa make elaborate preparations for a real soak by digging a hole in the ground, in which he puts seven herbs, a quantity of peppers, cardamom seeds and bushes, then he pours in a lot of boiling hot water. After he gets in, a light frame covered with clay is put over the hole to keep in the steam. After hours of steaming the bather emerges and is washed off with clean water, then kneaded by a professional for one hour, when he dons his scanty clothing and goes his way "shivering with cleanliness."

Have You Tried This Grape Juice?

You may try all the various drinks that are set forth for you during the hot weather but when it comes to the last analysis, you'll find that nothing can surpass the thirst-quenching qualities of our grape juice.

We have it in pints, quarts and larger sizes.

Greatness in Patience.

He who walks through life with an even temper and a gentle patience—patience with himself, patience with others—has an everyday greatness beyond that which is won in battle or chanted in cathedrals.—Orville Dewey.

Seeker After Knowledge.

Martha had never been around horses, but knew all about automobiles. The butter-and-egg woman drove a horse and one day Martha, after looking at the horse with eyes full of curiosity, said to the afore-said woman: "Mrs. Duncan, where do you get all your horses?"

Before Them.

An English lecturer, expatiating on the nature of man, remarked that one point of distinction between human beings and the lower animals consisted in capacity for progress. "Man," he exclaimed, "is a progressive being; other creatures are stationary. Take, for example, the ass. Always and everywhere it is the same creature. You have never seen, and you never will see, a more perfect ass than you see at the present moment."—Boston Transcript.

Elephant Sprinters.

In spite of the great bulk and lumbering gait, the elephant has been known to exceed 15 miles an hour and to have kept up a rate of ten miles an hour for a long time. It is said that an elephant does not reach proper maturity until it is 40 years old, and that it may live for over a century. Darwin calculated that after a period of 750 years, if breeding were not interfered with, there would be 19,000,000 elephants alive, descended from a single pair. The tusks which are the weapons of the males in their furious combats, are used by both sexes in everyday life for digging up roots for food.

On the "Loot" String.

State Insures Its Securities Against Theft And Burglary

New York, N. Y., Aug. 3.—Securities of the State of Pennsylvania today became insured for \$25,000,700 against burglars, representing the largest policy of this kind ever written, according to the announcement of the National Surety Company and twenty-five co-insuring firms. The policy is to run for three years and carries a total of more than \$32,500 premium. After that time it would be renewed upon order of the Treasury of Pennsylvania, the announcement said.

AUTHOR OF PLUMB PLAN OF RAILROAD OPERATION DIES

Washington, D. C., Aug. 3.—Glenn E. Plumb, aged 56, author of the famous Plumb Plan for public control of the railroads, died here Tuesday night from a combination of heart trouble and gangrene infection. Mr. Plumb has been ill for several months.

The body was to be sent to Chicago yesterday for funeral services today.

Mr. Plumb was born in Washington county, Iowa.

Both missed something. "I suppose their marriage was a failure because their home lacked the luxuries to which she had been accustomed." "Not altogether. Part of the trouble was due to the fact that after she discovered the luxuries were missing their home lacked the quiet to which he had been accustomed."

The Thousand Islands.

The beauties of the St. Lawrence river were first seen by a white man when Jacques Cartier, on a voyage of exploration, happened on the stream in 1535. It was not until 1615, however, that the region of Alexandria bay was discovered. In that year Champlain traveled up this part of the river. About 1750 the French began to realize its wonders and christened it Les Mille Isles.

Famous London Street.

Fleet street is a famous thoroughfare in London, extending from Finsbury to the Strand. It derives its name from the Fleet, formerly a stream and now a sewer—which empties into the Thames near Blackfriars bridge. Fleet street has been celebrated for centuries for its printers, bookellers, banking houses, taverns and coffee houses, and is at present the center of the London newspaper world. It was for years the favorite promenade of Dr. Samuel Johnson, the great lexicographer.

Sahara Once Had River.

A French engineer claims to have discovered evidence that a great river once flowed northward across the Sahara desert into the Mediterranean, its banks being lined with prosperous communities.

French Hemstitching The New Work

This is extra nice for table cloths, and napkins and bed linens. Also is being used on all weights of materials for dresses where straight work can be done.

We are now prepared to do this work in an up to date manner. Also hemstitching and picot edge work—All work guaranteed. See samples in window.

THE AUGUST GIFT SHOULD BE GOOD

The gift that you must make during this month should carry with it all the sentiment that you intend and there's no reason why you should spend a lot of money on it. Of course, we can show you gifts that are really expensive, but as a rule there are more gifts that are really sentimental. They carry more sentiment than there are for the simple idea of spending money.

We are showing a lot of gifts that range in cost from \$1.00 up to \$10.00 that would be very acceptable to the recipient and that will be cherished as long as they endure.

Drop in and see what pretty things you can purchase for a very little money here and you'll find that your money goes a lot farther here than you expected.

W. W. O'Brien

The Multitude of Stars.

Astronomers have counted the stars in typical districts and from these partial counts here and there we get some idea of the total number of stars and there are estimated to be between two and three thousand million stars.—J. A. Thomson in "The Outline of Science."

Lands Under a Curse.

The Arcadians have a tradition that God enjoined perpetual silence and desolation on Laborator and Anticost when he gave them to Cain for a heritance.

THE CLEARFIELD PROGRESS, CLEARFIELD, PA., THURSDAY EVENING, AUGUST 3, 1922.

NUMBER 180

POSTMASTER W. E. TOBIAS RESIGNS \$3300 JOB

**SAYS LIFE IS TOO SHORT TO
WASTE TIME WORKING DAY
AND NIGHT TO GIVE GOOD
SERVICE WITH SMALL FORCE
AND A POOR EQUIPMENT**

**WANT TO SEE A HAPPY BUNCH OF KIDS?
VISIT THE PLAYGROUNDS IN THIS CITY!**

It is a little late in the day to ask our readers to go around to the public playgrounds being maintained by Community Service and see four happy bunches of kids, but we saw them today, and cannot help but tell about it. The playground is, without a doubt, the most popular thing in town today, especially among the children who, were it not for these fun spots, would have to hunt a hole in an alley or a street gutter to play in.

On every play ground thing that strikes your attention is the pure, unalloyed fun the kids are having. Here they are swinging safely constructed swings, there they are on the sliding board, an improvement on the old cellar door which tears clothing. A group is squatted in a semi-circle listening to a goblin story or about mother rabbit feeding carrots to the little bunnies. Still another group is learning a drill or a dainty little folk dance. Then for the older "fellers" they have the Japanese ladders on which they can do about everything they do in a circus. And they do it. This isn't all, there are sand piles and see-saws. If

you are not sending your kiddies, they're missing something you missed when you were a kid and that is why you are so grouchy.

It was indeed a happy selection that the Community Service organization made when they sent Miss Leighton here as director. Miss Leighton is an organizer of great ability, knows her profession from A to Z and keeps everything running smoothly from early in the morning until late at night when the Community activities are over.

In the four local girls who are supervisors she has able assistants and their work is being favorably commented upon by everybody. The feature of every Monday, Wednesday and Friday afternoons, between the hours of 3 and 4 o'clock is the story telling. Miss Isabelle Powell has charge of this feature on all playgrounds and on these days Miss Powell and her assistants who volunteered for this work are always on hand with an interesting tale for the kid faces and you should see their eager faces as they nestle down on old mother earth to hear about new things.

**FORGER ARRESTED
IN DUBOIS EXPERT
IN HIS PROFESSION**

**Has Traveled All Over
Country Since De-
camping With Morris-
dale Girl.**

SAYS HE IS GUILTY

Charged with forgery, larceny, trickery and artifice, Harry Pergin, formerly employed around Phillipsburg and arrested in DuBois Tuesday was given a hearing before H. C. Warfel, justice of the peace at Phillipsburg Wednesday. He was placed under \$5,000 bail for his appearance at court, and in default, was committed to Bellefonte jail. He was taken over to the county seat this morning.

Pergin back in the early part of 1921, was located at Morrisdale. He worked at the brickyard at Phillipsburg, and later was employed by J. J. Hamilton. Feb. 22, 1921, he presented a check at the Moshannon National Bank there for a considerable sum of money. The check was drawn on the First National Bank at Cherry Tree and was signed John D. Little, attorney at law. Pergin opened an account at the Moshannon National Bank with the check, drawing out some money. Later it developed the signature was a forgery. It also developed that Pergin had consorted for parts unknown, taking with him a Morrisdale girl named (Continued on Page 2).

**HUNDRED OR MORE
BANDS WILL ATTEND
LEGION CONVENTION**

New Orleans, Aug. 3.—New Orleans will entertain the largest assembly of musical organizations in its history during the American Legion national convention next October, according to plans announced by the convention band contest committee.

More than one hundred bands and (Continued on Page 2).

**FARMERS WARNED TO
STUDY FERTILIZERS
BEFORE PURCHASING**

The fact that the father of the lime specialist at the College purchased lime last year for his farm in eastern Pennsylvania is being used by marl salesmen as an advertisement of their product. They no doubt neglect to mention the fact that, in the case cited, the cost of the marl, both at the plant and delivered, was practically the same as the cost of a good grade of ground limestone, and but little more than half the cost of hydrated lime. Under these conditions, the marl, purchased direct from the manufacturer and used at the rate of 1500 pounds per acre, was economical. At the prices generally quoted by agents in Pennsylvania this year, however, economy of buying marl would be extremely doubtful and one should weigh the facts and study carefully before investing.

Good mail analyzes about fifty per cent total oxide of lime, somewhat lower than the average ground limestone. The marl, on account of its softness dissolves in the soil more (Continued on Page 2).

**Clearfield Getting The
Short End Of The Stick
From Federal Officials
In Charge Of Mails.**

COMPARISON MADE

That the job of running the post-office of Clearfield is one to try the patience of a Job and the Postmaster does not find himself enjoying a "bed of roses" after having the job wished upon him, is again demonstrated by the action of Postmaster W. E. Tobias, who has sent his resignation to Postmaster General Work.

Mr. Tobias has held the position about three years but he says it seems like thirty-three.

The Clearfield office entered the first class during the first year of Postmaster Tobias' term, when the postal receipts reached the \$40,000 mark. Last year the postal receipts of the office ran over \$63,000 yet the Postoffice Department with that old archaic system asks the Postmaster to take care of that added business with practically the same force employed when but half the amount of the present business was being done at this office.

To illustrate, the receipts of the Clearfield postoffice for 1921 were ten thousand dollars in excess of that of any other postoffice in the county. This business was done, too, with a force of nine in the office, including the postmaster. This, too, despite the fact that DuBois, the second largest postoffice in Clearfield county, employs a force of thirteen, including the postmaster, while the latter place has five more letter carriers than Clearfield.

In addition to all this Clearfield is the one office of anything near its importance where the general delivery window is also used for the parcel post business.

These are only a couple of the many complaints and burdens put upon the Clearfield Postmaster and the patrons of the office and it is high time the Postoffice Department is made to realize that "something is the matter with the Clearfield post office and we want it and must have it corrected."

But we'll give you more along this line later.

Postmaster Tobias says life's entirely too short to devote seven days a week thirteen hours per day, for the \$3300 per year the office pays, and just as soon as his resignation is accepted he expects to embark in some other business.

**VOCATIONAL SCHOOL
BUILDING AT WEST
SUNBURY BURNS**

Butler, Pa., Aug. 3.—The vocational school building at West Sunbury Borough, ten miles west of here, was burned to the ground today by fire believed to be of incendiary origin. The school building, valued at \$20,000 was operated as an auxiliary to Pennsylvania State College.

**FRANCE PLANS TO
TAKE OVER MINES
IN RUHR BASIN**

Premier Poincare Has Plan For Compelling Germany To Pay War Debt By Compulsion.

TO INVADE REGION

Paris, France, Aug. 3.—France plans to invade Germany and seize and operate the mines in the Ruhr basin if the Berlin Government refuses to pay the war debt.

Industries now in the hands of Stinnes, Thyssen and Krupp, all multimillionaires, will be operated by France until all obligations are met. The French Press outlined Premier Poincare's plan today. According to the plan a Rhineland customs barrier would be set up against Germany. The Rhineland Commission, in the event the plan is carried out could call for an election which would give the territory autonomy.

The Petit Parisien states that France is willing to reduce Germany's debt to twelve billion dollars on condition that the inter-allied debts are concluded.

**ALL BORO MAYORS
ASKED TO REFUSE
CARNIVAL LICENSE**

If the state board of health edict is carried out, Ridgway has seen its last carnival, for the scavenger of the show business, the traveling carnival, has been given a death blow in the state, through the activities of the department of health. Commissioned Edward Martin and Dr. S. Leon Gans special director and Dr. S. have taken the matter in hand and unhesitatingly declare that the carnival is a menace to the public health and the morals of the community and must not appear in Pennsylvania. They did this on their own initiative as vigilant and conscientious health officials. The expedient of having all mayors, burgesses and other heads of municipal divisions refuse licenses to the carnivals has been adopted, and it is believed that no more of these shows will be located in Pennsylvania.—Ridgway Record.

**REED, WILSON FOE,
HAS LEAD IN RACE
FOR U. S. SENATOR**

Kansas City, Mo., Aug. 3.—Opposition to Woodrow Wilson was believed today to have carried Senator John A. Reed to victory over Breckenridge Long. Incomplete returns indicated that Reed's majority would be between 3000 and 4000. Returns from the missing precincts in the Ozark Mountain regions were expected to increase Long's total but leave Reed ahead.

**COST OF LIVING—ON WHEELS
IS REDUCED**

Pittsburgh, Aug. 3.—A reduction of 2c per gallon in the price of gasoline was announced here today by the Gulf Refining Company and the Atlantic Refining Company. The new price is 27c.

**TODAY'S
GREATEST
QUESTION**

**MUST WE HAVE
FORD CARS?**

Lansing, Mich., Aug. 3.—The Ford Motor Company's plant at Detroit must shut down within fourteen days because of a shortage of coal. Charles Sorensen, General Manager, told the Fuel Administrator here today. Sorensen appeared before the Fuel Commission to ask that priority orders be issued to the Ford plant.

**WOMAN AND GIRL,
BERRY PICKING,
KILLED BY TRAIN**

Greenville, Pa., Aug. 3.—Ella Reinhart, aged 14, and Mrs. Henry Reinhart, aged 25, a sister-in-law, were killed today when struck by an excursion train on the Bessemer & Lake Erie Railroad. The two women were members of a berry picking party and did not hear the train coming around a sharp curve.

"THE BOOTLEGGER!"

Steel Works Effected
Pittsburgh, Aug. 3.—Suspension of steel plants in the Sharon-Youngstown district loomed today as a result of the rail and coal strikes. The Farrell plant was reported ready to shut down owing to shortage of coal. Cargoes of coal in transit for the mills have been seized by the railroads. Difficulty in obtaining raw material because of the shopmen's strike forced the American Sheet & Tin Plate Company at Sharon to suspend several mills. Predictions were made here today that unless the coal strike was settled there would be few plants operating in the Shenango and Mahoning valleys. Bituminous coal production is far below requirements, it was said. Blast furnaces have been slowed in the entire Pittsburgh, Youngstown and Sharon Districts and stocks of coal are rapidly dwindling in the plants which are still able to operate.

President's Legal Powers
Washington, D. C., Aug. 3.—President Harding, exercising his "national emergency" powers has authority to institute receivership proceedings against the railroads and mines of the country, according to an opinion of his legal advisors, and operate them through Federal administration. Such a procedure, which would amount to seizure of these utilities, is under contemplation and may be put in operation if the situation becomes much more critical, it was indicated officially here today.

Eyre May Be Fuel Administrator
Harrisburg, Pa., Aug. 3.—T. Larry Eyre, president Pro Tem of the State Senate will probably be appointed State Fuel Administrator, it was learned here today. Governor Sprout is on his way to the National Guard encampment at Mount Gretna and could not be reached to confirm the appointment.

Miss Robinson Nominated
Kansas City, Mo., Aug. 3.—The

Tom Sims SAYS--

It is to be good, seldom get the way in case. Talk cheap what you are talking back to a cop. Get a judge ruler a station is a deadly weapon. Can you guess whether he is married or single. A man trying to show what he knows often shows what he doesn't know.

No lives have been lost in the air mail service for a year. A plane can't fall with the stuff they write nowadays.

A political machine is some thing, like a talking machine.

A soldier bonus is a whole lot of service chevrons and a whole sleeve full of wound stripes.

Forger Arrested

Continued From Page One

Beatrice Smith. The forgery was reported to the American Bankers' Association, which in turn placed the matter in the hands of the Wm. J. Burns International Detective Agency, Inc., which has offices in thirty-two cities in the United States, Canada and in London. The agency was given a photograph of Pergrin and an accurate description of his appearance, of life and other information which detectives find useful.

But they failed to locate Pergrin, who, according to his own story has been in many states and cities since leaving Philadelphia. It is said he had gained \$1200 from the Empire National Bank at Clarksburg, W. Va., recently. He said he had not been in all his travels by any of

When the commissary was started at the B. R. & P. shops in DuBois following the importation of guards Pergrin was employed as cook for the outfit. Recently his lady friend returned to her Morrisdale home on a visit. A Burns detective had been keeping tabs on her home and after interviewing her learned enough to make him believe the man he was seeking was located at DuBois as that was the place the Smith woman purchased her ticket for Morrisdale.

DuBois was visited and Pergrin quickly located with the aid of the State Constabulary at DuBois. Pergrin, when taken into custody at DuBois said "Alright, old man; you're on the right track, I'm the fellow you're after."

Pergrin, in the custody of the detective and State Trooper Hodgeson passed through Clearfield yesterday morning for Phillipsburg.

Pergrin is 32 years old. It is said he has a wife living at Clivmer. He is known by many people here and at Morrisdale.

CHARLES E. PHILLIPS

Charles E. Phillips, a former resident of Clearfield, passed away at his home in Osceola on Tuesday afternoon, Aug. 1, 1922, at 3:10 o'clock.

The deceased was born at Jeffries Nov. 25, 1873. He always lived a clean, upright life and was esteemed by all who knew him. He had been in declining health for the past two years.

He is survived by his widow and two stepdaughters, Berenice and Lena. His parents, Mr. and Mrs. J. H. Phillips of Irvona; one sister Mrs. Ed. A. Newton, of Philadelphia, and two brothers, Z. T. Phillips, of Irvona and Joseph E. Phillips, of Clearfield.

Funeral services will be held at his late home Friday afternoon at 1:30. Interment will be made in Hillcrest cemetery.

Hundred Or More

Continued From Page One

drum corps from all parts of the country are expected to compete in prize contests. Entries, which will be restricted to Legion organizations, will be judged by a committee of New Orleans musicians as the units march by the reviewing stand in the celebration parade.

Prizes for the band contest will be first, \$1,000; second, \$500, and third, \$250. Bands will be judged on the following basis: Playing, 75 points; appearance, 10 points; marching, 10 points and number of instruments, 5 points.

The winner of the drum corps contest will receive \$250, with a prize of \$100 for second place. Playing will count for 50 points; appearance, 20 points; marching, 20 points and number of instruments, 10 points.

Blotting Paper for Cleaning Machines

The use of blotting paper for cleaning machinery has been common for years. The Germans were among the first to employ this method. It is said to be not only cheaper, but does not soil the machine with filth and dust like some cloth does. It is not as combustible as some other cleaning materials, and is said to be a great help in the machinery it cleans easily and is not as liable to draw the hands of the operator into danger.

Rides 30 Years

Richard H. Cook, 32, has been a policeman for the Department of Agriculture in Washington, D. C., 59 years. For the past 30 years he has made his rounds on a bicycle.

Farmers Warned To

Continued From Page One

quickly than the coarser particles of ground limestone, so that where applications must be very light, under 1000 or 1200 pounds per acre, immediate results may be somewhat better with marl than with limestone. Where more liberal amounts, really adequate to sweeten a sour soil, are used, however, there is no reason to expect much difference in the effect of the two applied at the same rate.

Good hydrated lime should analyze about seventy per cent total oxide, or two-fifths higher than the marl. It is soluble as quickly and completely as the marl, if not more so, and being finer can be more thoroughly mixed with the soil. Good ground burned lime should analyze higher than the hydrated and be equally prompt in action. Recent experiments have failed to prove the contention that these latter forms of lime seriously destroy humus and thus never injure crops when used in moderation.

No fault is to be found with marl as a source of lime. The price at which it is generally sold seems, however, quite out of proportion to its analyses in comparison with other forms of lime. The claims made by salesmen regarding its superiority have little if any apparent ground. The marl contains nothing of value in addition to lime, except a trace of phosphoric acid, so that it cannot be substituted for fertilizer on the grain crop, as is being advised. The use of a few hundred pounds of marl in the drill could not be expected to show much more effect than a similar amount of fine limestone or a lesser amount of burned or hydrated lime. A testimonial from farmer Jones that he used marl when drilling his wheat and secured a good crop and a good stand of clover does not prove the superiority of the marl over other lime; in fact it proves nothing at all unless he left an unmarled strip which showed up poorly.

Plan to End Soapstone Waste.

An eighth or ninth of the soapstone quarries in the United States is waste, but it is planned to utilize this waste as a substitute for low grade tale.

Clergymen Live Long.

Statistics show that more than 40 per cent of the clergy live to be septuagenarians.

LEGAL

NOTICE TO CONTRACTORS

Sealed proposals giving lump sum price accompanied by receipt for certified check in the sum of One Thousand Dollars (\$1000.00) will be received by the Board of Commissioners of Public Grounds and Buildings at the office of the Superintendent, Capitol Building, Harrisburg, Pa., until 12 o'clock noon, Tuesday, August 8th, 1922, for the reconstruction complete and repairs to the abutments and piers, and the necessary work in connection with the approaches, of a bridge over the West Branch of the Susquehanna River near Mowrie on the New York Central Railroad (River Division) known as the Rolling Stone Bridge, between the Townships of Covington and Cooper in Clearfield County, Penna.

Parties desiring copies of drawings can obtain same by depositing Ten Dollars (\$10.00) which will be refunded upon return of the plans and specifications in good order. Proposals must be made out upon blanks furnished by the Commonwealth of Pennsylvania. All blanks must be properly filled in and no change in phraseology shall be made. Bidders must make satisfactory arrangements for the materials they propose to use, to be delivered uninterruptedly in such quantities as to complete the work within the term of the contract. Delay in receiving materials for the work will not be accepted as a reasonable excuse for non-completion of the contract according to the terms thereof.

The Board of Commissioners of Public Grounds and Buildings reserve the right to reject any and all bids. The words "PROPOSAL ROLLING STONE BRIDGE" must be plainly marked on the outside cover of all proposals. The State Treasurer's Department, of the Commonwealth of Pennsylvania, will furnish receipt to be enclosed with the bids for all checks deposited with the State Treasurer for such purpose prior to ten o'clock A. M. Tuesday, August 8th, 1922.

By order of the Board of Commissioners of Public Grounds and Buildings of the Commonwealth of Pennsylvania.

T. W. TEMPLETON,
Superintendent
SAMUEL B. RAMBO,
Secretary to Board.

BONDS FOR SALE

The Board of School Directors of the School District of the Township of Woodward, County of Clearfield, Commonwealth of Pennsylvania, will offer for sale to the highest responsible bidder, at the office of the Secretary in the Township of Woodward, at 12 o'clock, noon Saturday, August 19th, 1922, \$26,500.00 of its school bonds. These bonds are dated July 1st, 1922, payable in 30 years from date and bear interest at 4 1/2 per cent; interest payable every six months. The bonds are subject to redemption at any interest date after five years. All bids must be sealed and addressed to E. O. TOBIAS, Secretary of the School Board, Houtzdale, Penna. No bids will be held at less than par value and accrued interest.

The School Board reserves the right to reject any and all bids. By order of the Board of School Directors of the Township of Woodward.

L. O. PHILLIPS,
President.
E. O. TOBIAS,

NOTICE TO BIDDERS

Sale of \$27,000 Bigler Township Road Bonds.

Notice is hereby given that the Supervisors of the Township of Bigler will on Wednesday, 23rd day of August, 1922, at 10 o'clock A. M. at the office of the Supervisors in the Village of Madera, Pennsylvania receive sealed bids and sell to the highest bidder \$27,000 par value, of Bigler Township Road Bonds of issue of 1922.

These bonds are a part of a \$52,000 bond issue assented to by the qualified electors of the Township of Bigler

at a special election held in said township on the 20th day of September, A. D. 1921, and this issue of bonds is authorized by resolutions of the Supervisors of said Township unanimously adopted on the 11th day of July, A. D. 1922, said bonds being issued for the purpose of payment of certain obligations, for which the Township of Bigler has become liable, in the building and construction of certain portions of roads in the Township of Bigler, and for the payment for rights of way and damages caused by relocation and construction of roads as particularly set forth in the resolutions aforesaid.

These bonds bear interest at the rate of 5 1/2 per cent annum, payable semi-annually, to wit, on the 15th days of February and August in each year to maturity; are issued free and clear of all State taxes of the State of Pennsylvania.

The bonds to be sold are 27 of the denomination of \$1000, numbered from 1 to 27 both inclusive are what is known as coupon bonds; and mature and become payable, on the 15th day of August, A. D. 1937.

The bonds bear date of August 15, 1922.

No bids will be received on said bonds at less than par and accrued interest.

The Supervisors reserve the right to reject any and all bids.

By order of the Supervisors of the Township of Bigler.

HAD THUMB BADLY LACED

William, the 18-year old son of Mr. and Mrs. W. C. Goss, of West Third Avenue, had one of his thumbs badly lacerated when it came in contact with a rapidly revolving saw at he planning mill of the Gearhart Lumber and Supply Company. The accident occurred late yesterday afternoon and the young man had his injuries attended to at the Clearfield Hospital.

"Wizard of the North"

"The Wizard of the North" was a sobriquet bestowed upon Sir Walter Scott (1771-1832), the author of the celebrated "Waverley Novels," in allusion to the magical influence of his works. By several authorities it is stated that the name "Wizard of the North" was given to Sir Walter by Prof. John Wilson, better known by his pen name of Christopher North, in 1817. Scott and Wilson were intimate friends and contributors to the celebrated Blackwood's Magazine, in which it is said that the sobriquet first appeared.

Development of the Horse.

The first known ancestors of today's monarchs of the turf were not much larger than cats and had four toes in front and three behind, but their habit of getting upon their toes developed the hoof, which is really just toe nail.

Wine in Old Testament.

The first mention of wine in the Old Testament makes Noah the first to plant a vineyard and the first to yield to the temptation to drink too deeply of the fermented grape juice.

ODDS AND ENDS AND THINGS

By J. D. C.

The following communication is self explanatory and is published in the hope we may be able to secure the information asked for and transmit same to Comrade Cook:

Bridgton, Me., July 31, 1922.

Dear Sir:

Will you please tell me if you can, if Comrade Sullivan T. Hall who was a member of Company "M", First Maine Cavalry during our Civil War is still alive and residing in your city?

If so will you please give me his address. If he has passed over, his death date as near as you can conveniently. Our Reunion Regimental Association is trying to place every member who served in our regiment, both the living and the dead.

Those who have gone before, are to have a Tablet in our Capitol at Augusta, Maine, on which their names will be inscribed.

I will thank you in advance for the word for help.

Respectfully yours,

M. B. COOK.

Formerly Co. "B" 1st Maine Cavalry.

Output of auto trucks and passenger cars during July will be close to 300,000 vehicles, it is indicated in preliminary reports to the Government, unless the fuel and rail strikes hamper production.

June output totaled 287,875 vehicles official reports show, an increase of 216 per cent over January.

Government observers and automobile dealers are marveling at the unprecedented increase in demand for vehicles. A seasonal increase is generally expected and usually materializes in the early part of each year. But the increase of 1922 exceeded all expectations.

By many economic observers the automobile (especially the passenger car) still is classes as a luxury. This he industry bitterly resents.

Luxury demand increases only when business conditions are good and usually in direct proportion. The present unusual increase in demand for automobiles is, therefore, taken as a measure of the nation's progress toward prosperity.

January production of passenger cars was 14,000, while the output of trucks was 9,344, a total of 23,344 vehicles.

June production was 261,963 passenger cars and 25,912 trucks.

During the six months truck production increased 177 per cent and passenger car output 216 per cent.

The full effect of the two nationwide strikes will not be felt by the automotive industry until next month it is believed. This is because most plants were well stocked with materials and fuel when the strike began.

A prominent medical journal so far abstains from the austere attitude of technical science as to quote what is described as "an amusing, even if not very precise estimate of the total chemical composition of the 'average man'."

The estimate is thus summarized: "Fat enough for seven bars of soap iron enough for a medium sized nail, sugar enough to fill a shaker; lime enough to whitewash a chicken coop; phosphorus enough to make 2,200 match tips; magnesium enough for a dose of magnesium; calcium enough to explode a toy cannon and sulphur enough to rid a dog of fleas."

"Many items in this estimate," explains the medical authority, "are left largely to the imagination, such as the size of the dog and the number of his tormentors, but the total cost of ingredients is given as ninety-eight cents. Rather high for some fellows we know."

Next week Gen. Nelson A. Miles will celebrate his eighty-third birthday and the nineteenth anniversary of his retirement from the United States Army. He is yet regarded as both the handsomest and best-dressed man in Washington.

Commander of an army corps at the age of twenty-five, General Miles is the oldest and one of the few United States Army officers who "won all the way" by gallantry in action as well as by military skill. He was wounded dozens of times and in person led many a charge against the hostile Indians of Sitting Bull, Chief Joseph, Crazy Horse and Natchez.

Drifts of Sand.

Wherever dry, loose sand occurs, it is being constantly shifted by the wind. It often buries cultivated lands, buildings and forests. On the shores of Lake Michigan, there are drifts 100 feet deep. Those in Cornwall reach 300 feet in depth, and the drifts of the Gobi desert are 40 miles long and 800 feet high in places. On the shores of the Bay of Biscay, the drifts are 100 feet high and 100 feet wide, and in some places 100 feet high and 100 feet wide.

HORSE SHOE RESULTS

A horse shoe game was run in last night out of schedule to help make up for a lot of wasted time on the courts, with this result:

Ennie and Derrick, 3 games, 53 points.

Neil and Stewart, 2 games, 77 points.

All competing teams have notified enough, but absence on the part of teams or individuals foots up the following list of forfeited games:

Cowdick and Goss to Peters and Shipley.

Reed and Turner to Cowdick and Shaw.

Breth and Bumbarger to Brunner and Hughes.

McCarty and Braund to Woods and Woods.

There is no need of persuasion to sweep the playgrounds in the game.

Witner Park beat Reedsville Saturday on the latter's court 2 games out of 3, 56 points to 56.

Cats Sense Earthquakes.

Cats and some other animals seem to be endowed with what some investigators regard as a sixth sense in their ability to sense the approach of an earthquake or similar disturbance. In the earthquake countries it is frequently noted that the cats are very restless just before one of these demonstrations. At Valparaiso the family cat of a well-known scientist was noticed to be very restless, its uneasiness increasing up to the point when a "rumble" was experienced and during the disturbance the animal's hair was raised and ears flattened.

Tame Youngster.

Neddy visited a neighbor who had a baby. The infant clasped Neddy's forefinger with his tiny hand and Neddy said solemnly to his nurse: "That baby's just as tame."

DEATH OF SENATOR CROW

Senator William E. Crow was sick for more than a year, and for months it has been realized that there was practically no chance of his recovery. The sorrow that his death brings is tempered, therefore, by the thought that his suffering is ended.

He was in the United States Senate for too short a period and took too little a part, because of the condition of his health, in its proceedings to make possible an estimate of his value to the Commonwealth in that capacity.

A better judgment can be formed of his character as an active participant during many years in State politics, and probably no worthier tribute can be paid him in this connection than to state that his political and partisan foes, including those who fought him most bitterly and disagreed most completely with the policies for which he stood, respected him.

Senator Crow's life should be an inspiration to young men, showing, as it does, the opportunities that are open to the American youth who possesses grit and is industrious to win riches and distinction. Mr. Crow came up from obscurity solely through his own efforts. He was a country boy, brought up on a farm and educated in the public schools. As a young man he taught school and worked for a time in Pittsburgh as a newspaper reporter. He rose by his own qualities, and his career may be taken as an example by other ambitious Pennsylvania boys of what it is possible to accomplish if one is made of the right stuff, even though one begins in life in an obscure position and without the advantage of rich and influential friends.

BE A GOOD SORT

This is the time of year and almost any hour of day when every attractive shady nook close and far from the highways becomes the site of a picnic or lunch party.

Thanks to nature and in some cases to kind-hearted owners, these spots are inviting, clean, tidy—and so the picnic folks, whether they toddle out of a motor or trolley car, shout their pleasure at the discovery and take possession. Too often a few hours later these attractive spots are a litter of lunch-boxes, plates, oiled paper, egg shells, sardine cans and banana skins.

You see the point now, you careless or indifferent picnicker.

And so why not be a good sort?

If nature or some person made the place attractive for you, why not leave it attractive for others who may follow? In other words, why not clean up, burn up the litter, taking care to extinguish the fire before you leave, or collect the refuse and cart it away with you to a regular dump?

Surely after the pleasure you have had out of a picnic spot, you would not intentionally want to mess it up for others because if every one were that sort, the fascinating spot in which you lunched, would not have been attractive at all.

Of course, if after dinner at home you sweep the plates on the floor, hurl the knives into the plaster or leave the food debris scattered over the table cloth, it is natural to carry such manners into the woods and onto the byways.

Consideration for others is one of the finest of human assets.

"Rid up," as the colloquialism goes, after the picnic and BE A GOOD SORT.

OUR POSTOFFICE

The resignation of Postmaster W. E. Tobias will come as a surprise to our readers this evening. It is the most unusual thing in the world for a postmaster, in a city of this size, to resign from an office paying as much as \$3,300 annually. It is all the more unusual when Mr. Tobias says that he does not know where his next job is coming from, and doubly so after all the powers at the command of the Palmer wing of the Democratic party were invoked to land, what insurgents said was a Brady township Democrat in the Clearfield post-office.

Mr. Tobias is a Democrat, his predecessor, who also failed to make things go as they should was a Democrat. It would be the most natural thing in the world for a Republican newspaper to heap all the blame on the heads of those men for partisan ends and purposes but such a course would be unfair and unworthy of a newspaper trying to treat events from a community angle and in a spirit of helpfulness.

For better than six years, we have been blaming the postmaster here for the inadequate and disgraceful service we are getting. Charges have been frequently made that the civil service protection thrown about the employees of the postoffice entirely denude the postmaster of any authority to speed work up in the office. There may be some truth in both allegations but we are not in a position to judge.

Mr. Tobias frankly says that the force is inadequate and he has found it impossible to give service. We have personally heard both him and his predecessor vainly trying to work out schedules, with the small force, which would permit of enough men being on duty for rush hours to attend the distribution of the mail and the public windows.

The Progress believes it about time that the Postoffice Department gives this city a little recognition and put at the disposal of the postmaster, whoever he is, something to work with.

Vintages Afloat.

In the British North Sea fishing fleet are engaged 50,000 men and frequently these trawlers do not see land for many weeks or even months. Their catches are sent to port by steam carrier, and their lives would be very monotonous were it not for the ships that visit them with provisions.

Well Well!

Mrs. Joak: "I nearly fainted on the crowded street car coming home." Mr. Joak: "So close in the car?" Mrs. Joak: "No, a man offered me his seat."

Admitted.

A magazine with the uplift fever asks: "Is any man perfect?" We blush. We hesitate. But vastly of more importance than our spiritual comfort is the duty we owe the public. Therefore, fighting back the inclination to keep silent, we have to the demand of humanity and admit it. We are.—(Chicago) Times Dispatch.

What Is Success. After All?

Success is something which some women are content to envy in others—and some women achieve for themselves.

THE OLD HOME TOWN — By Stanley.

Philipsburg Athlete Is
Just Six Months Old But
He Does Great Stunts

Philipsburg, Aug. 2.—Paul B. Humphrey is a trained athlete at 6 months of age. He is the son of Mr. and Mrs. Theodore Humphrey, a trifle more than 6 months old and has been in training ever since he was 2 months old. His father is a trainer and is the child's instructor. His mother is his dietitian.

His main food is whole wheat and milk prepared especially by his mother. He also gets a sip of fruit juice now and then. He gets a few minutes' training each day, the exercise is not exhausting. He is the youngest of five children never has been ill, sleeps out of doors and is the most talked-of baby in Centre county.

Visitors are many to see this young star. He is a wonder in physical development and his stunts in performing are worth going a distance to see. He weighs eighteen pounds and has a chest development of eighteen inches.

Th boy can hang by one hand to a rope, extending himself rigidly and horizontally, supported only by the hands of his father who grasps him below the knees. He can swing by both hands.

Worse Than Poison Ivy.

The most dangerous vegetable irritant poison is that of the ironwood tree of the Fiji Islands. One drop of the sap falling on the hand is as painful as a touch of a hot iron.

SENATOR CROW WILL
BE BURIED SATURDAY
AT UNIONTOWN HOME

Uniontown, Aug. 3.—United States Senator William Crow, who died yesterday, will be buried Saturday afternoon. Services will be held at the home and interment will be in Oak Grove cemetery here.

When the Fayette county court was notified of the death, adjournment was taken. A special meeting of the County Bar Association was called. Attorney E. W. Smith, law partner of David A. Reed, made a memorial address.

Funeral at 2:30 P. M.—Uniontown, Pa., Aug. 3.—The body of Senator William E. Crow, who died from pernicious anaemia yesterday, lay in state at his home in the mountains at Chalk Hill today. Funeral services will be held at 2:30 P. M. on Saturday. The funeral procession will travel the eleven miles to Uniontown where interment will be made at Oak Grove Cemetery. Both the funeral and interment will be public.

Righteous Can Always Hope.

The hope of the righteous shall be gladness, but the expectation of the wicked shall perish.—Solomon

There will be a dance at the Park House Friday night.

Miss Mary A. Swoope is visiting in Lock Haven for a few days.

Mr. James B. Graham, of Williamsport, transacted business in town Wednesday.

Quite a number of young folks attended the dance last evening at the Clearfield Driving Park.

KID CORPORAL SCORES AGAIN

John Shoemaker, Through Phoenix American Legion, Draws West Point Appointment.

The "Kid Corporal" has scored again. John Shoemaker, who enlisted in the army at fourteen and served many months with the American expeditionary forces in France, has now received presidential appointment to West Point. Shoemaker recently graduated from a high school in Phoenix, Ariz., where he took special courses in military tactics under Maj. Claude Devatur Jones. The Major Jones became interested in the lad because he had such an unusual war record.

Young Shoemaker served with a machine gun company in the first four months of the war, during which he followed the World War. His West Point appointment followed a campaign in his behalf by the Phoenix American Legion and Major Jones, who were anxious that a war veteran should take the place at the military academy vacated by Charles Barrett, an overseas hero who graduated at the head of his class last June.

STOP ITCHING SKIN

Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, Pimples, Blackheads, Eczema, Blisters, Ringworm and similar skin troubles will disappear. Zemo, the penetrating, satisfying liquid is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

THE AMERICAN LEGION

(Copy for This Department Supplied by the American Legion News Service)

MAKES MOVIE PICTURE NOW

Roger Sullivan, Former Engineer, Disabled in World War, Successful in Camera Work.

The fact that he was an engineer before the war may help him to understand the mechanism of a motion picture camera, but the knowledge of proper lighting effects and other things incident to the successful production of motion pictures had to be learned by Roger Sullivan, after he was seriously disabled in the World War.

Sullivan was wounded while operating with the United Naval forces in France. After the war, young Sullivan found that his injuries were such that he could not successfully "carry on" as an engineer. Under the supervision of the U. S. Veterans Bureau, he entered a school of photography in New York and has completed a course in motion picture making and "still" photography.

Sullivan and His Camera.

Together with James E. Pelkey, another disabled veteran who took the same course, Sullivan is producing a picture entitled "Another Chance." The picture depicts every stage through which a disabled veteran passes from the time he leaves the hospital until he has been completely rehabilitated in some school of vocational training.

The film closes with the picture of President Harding. The photograph of Sullivan "shooting" the President was taken by Pelkey.

Sullivan and Pelkey spend their spare hours in the club rooms of the Washington Heights post of the American Legion in New York City.

Historic Dodo.

"As dead as the dodo is a common expression but few know what man or bird the dodo was or what drove it from the face of the earth. The dodo was a large bird, with a huge beak and useless little wings. Portuguese and Dutch sailors found it on the island of Mauritius in the Indian ocean during the sixteenth century. It was so stupid that the Portuguese named it "doudo," simpaton. Pigs introduced into the island by the Europeans destroyed its eggs and young and it became extinct in the seventeenth century.

As We Grow Up.

About all the difference between children and us grownups is that we watch no and ain't so happy. —Atchison County (Mo.) Mail

FOLKS ARE JOINING THE FREDERICK PIANO THRIFT CLUB At The RATE of Seven & Eight a Day And as the Membership Is Limited--- You Better Join Tomorrow.

THE PLAN

Briefly, we have arranged to form a Club for thrifty piano buyers. We will supply the members with one of these famous Pianos, Player-Pianos or Baby Grand Pianos from our regular stocks. We will allow each member three years to complete their payments and we will protect each member in case of sickness or non-employment. We will assume all risk in case of fire, we will fully guarantee every instrument ten years. We will allow you six months to exchange the instrument if you think you would prefer something else. Surely no better opportunity could ever be secured for an intelligent purchase of a piano or a player-piano.

LIMITED MEMBERSHIP

Naturally, because of the unusual advantages offered, we must limit the number of instruments to be sold under this Plan. No matter what your taste may be, this Club can supply your wants. Only Members will be allowed the advantages of these special prices and conditions. As soon as the allotted instruments are sold, the Club will close. This is an opportunity that thrifty buyers will gratefully remember.

THE PURPOSE

The purpose of this Club is to apply common sense—thrift and economy—to piano buying. Music is a necessity. It is as necessary for happiness as food, shelter and raiment. Every general in the World War knew this to be a fact. It was the singing soldiers who won the battles. It is the musical families who win life's battles.

An intelligent purchase of a musical instrument is a thrifty thing.

Music encourages thrift. The object of thrift is happiness, and where there is music there is happiness. Music stimulates family morale; it makes the home more attractive, there is less temptation to seek amusement and entertainment elsewhere. Thrift, intelligent families have music in their homes. This opportunity is for thrifty families.

APPLICATION FOR MEMBERSHIP

Date, 192....

Gentlemen:— Please enter my application for membership in your THRIFT CLUB.

I herewith pay you the membership fee of One Dollar (\$1.00), which, if my application is accepted, will entitle me to a full membership in your Thrift Club, together with all the Club advantages if I select a Thrift Club piano or player-piano at your store after my application is accepted, it being distinctly understood that if my application is rejected or if I decide not to make a selection, the membership fee will be refunded.

I am interested in, (Piano, Player-Piano or Grand Piano)

I give below names of two business references to whom you may write for information as to my integrity and responsibility:

Name, Address, Name, Address

My Name, Street, City, State

Occupation, With

No members will be accepted without giving two satisfactory business references.

NOTE—Applicant must sign in person.

E. E. SMITH, PROP.

Parade Will Open Junior Chautauqua Early Tomorrow

The Big Jolly, Jr. Chautauqua Parade will move at 10:00 sharp tomorrow morning from the High School. This parade is for all boys and girls of Clearfield and vicinity whether they are members of the Jr. Chautauqua or not. Tickets are not required to entitle children to be in the parade.

There will be plenty of sashes, flags, pennants and clown suits to make the parade an interesting one. All boys or girls having ponies or bicycles are especially urged to come and any one who may want to come in special costume may do so, in fact prizes (season tickets) will be given to the best costumed persons and the best decorated outfit.

Mr. Kelchner is happy to announce that Souvenir will be given to each child in line.

The Juniors this year will have the time of their lives in rehearsing for the pageant "Conquests of Peace". This pageant was written by Miss Mabel Wall, a native of this vicinity and a graduate of Swarthmore College and is a Junior leader with Chautauqua this year. Miss Wall won a \$150 prize in competition with 32 other pageants submitted. We are proud to be able to put on a pageant this year that was written by one of our High School graduates. Let everyone come out and see the children take part in this pageant. Tickets for the children are one dollar.

WANTED—To do particular nursing and will go out of town. Inquire Progress at 328 Market St. 8/3 3th

Good Definition of Wisdom.
Wisdom is that attribute of man through which every action of a man receives its ideal value and import.—Schliermacher.

Uncle Eben.
"Allus buy de cheapest kind of an alarm clock," said Uncle Eben. "You'll be thankful when it gits broke an' wbn't work."

It's Sure to Happen.
If a young woman goes horseback riding with a young man she is likely to feel pretty sure that he will be able to carry her in his arms when her ankle is sprained.

Gather Their Own Salt.
Many natives of Putnam gather their own salt by dipping small quantities of water from some salt lakes by the bucket and allowing it to evaporate.

Kills Pesky Bed Bugs P. D. Q.

Just think, a 35c box of P. D. Q. (Pesky Devils Quietus), makes enough to kill a million bed bugs, roaches, fleas or cockroaches and stops future generations by killing the eggs and does not injure the clothing.

Liquid fire to the bedbugs is what P. D. Q. is. Bedbugs stand no good chance as a snowball in a justly famed heat resort. Patent spent in every package of P. D. Q. to enable you to kill them and their eggs in the cracks.

P. D. Q. can also be purchased in sealed bottles, double strength, liquid form.

Sold by Woodward & McPherson, and all leading druggists.

TALL CEDARS WILL PICNIC AT THE CLARK ESTATE NEXT MONTH

The second annual picnic of Mountain Forest, No. 44, Tall Cedars of Lebanon, will be held some time in September at the game preserve of Senator Jos. O. Clark, Glen Campbell, Clearfield County, it was announced today by members of the executive committee. A meeting of the committee will be held within the next two weeks to decide the exact date on which the picnic will take place and invitations will be mailed to all the members of Mountain Forest and their families. It is believed that Gifford Pinchot, Republican nominee for Governor, Gov. Wm. C. Sprout and Lieut. Gov. Edward E. Biddleman will attend.

The estate of Senator Clark is ideal for the kind of outing that is planned. Extensive improvements are being made at the present time which will include a new clubhouse containing 21 bedrooms besides spacious parlors and lounging rooms. The preserve bounded by 15 miles of fence, contains about 500 head of deer and several species of smaller game and fish. In addition to the present lakes and the swimming pool, work on the building of a breast is nearing completion and this will add an additional lake which will have a flooded area of several acres.

Chop Stroke Came Natural!
Golf Instructor—"Oh swing the man! Swing! Don't chop at all as if you were a butcher's dinner—"Confound it, that's just it!"—Boston Evening Times

Pearly's First Venture.
Pearly's first North polar expedition lasted four years, 1898-1902, during which period he failed to get nearer than 348 miles to the pole.

QUEER FEELINGS AT MIDDLE AGE

Women Should Know How Lydia E. Pinkham's Vegetable Compound Helps at This Trying Period

Sheboygan, Wisconsin.—"I was run down, tired and nervous. I could no longer do my own housework, could no longer sleep at night and all kinds of queer thoughts would come to me. Finally I gave up going to the doctor and a friend told me of Lydia E. Pinkham's Vegetable Compound. After the first bottle I could sleep better and I have kept seven bottles now and am so happy that I am all over these bad feelings."—Mrs. E. LANSER, 1639 N. 3rd St., Sheboygan, Wisconsin.

For the woman entering middle age, Lydia E. Pinkham's Vegetable Compound can be of much benefit. During this time of life certain changes take place which sometimes develop into serious trouble.

Melancholic, nervousness, irritability, headache and dizziness are some of the symptoms. Lydia E. Pinkham's Vegetable Compound is a natural restorative, especially adapted to assist nature in carrying you safely past this time. Why not give it a fair trial?

WILL LOCATE IN PHILIPSBURG

Dr. S. D. Bailey, who recently sold his Walnut street property to Miss Annie Mitchell, has purchased the home of Mrs. J. E. Hawkins on South Centre street, Philipsburg, and will remove his family to that place after he completes some improvements. He proposes making to his new home.

Satan's Advantage.
"Conscience has a still smaller voice," said Uncle Eben. "But old Satan uses a megaphone."

Best Friend.
The first friend the first successful to first American locomotive.

YA POOR PRUNE, YACHT WAS JUST BOILING PRUNES

George Yacht, of Smyerstown, whose home was raided Saturday by prohibition agents Martsolf and Kelton wishes to correct a statement that appeared in yesterday's Spirit. George says that the mixture that was brewing on the stove was nothing but a boiler full of prunes that he was trying to purify. He further states that on account of the many bugs on the prunes you have to boil them to kill the insects.

TAKE THE JOY-CURE WITH Mr. and Mrs. CARTER DEHAVEN

And Their Crop of Californian Peaches. You! Ki sabbie, Cuddieable, Wifful and Wise Are "MY LADY FRIENDS"

You'll Love Every One of Them in the Big Comedy Hit Brought From Stage to Screen.

Directed by Lloyd Ingraham Presented by Cartor De Haven

Jimmy Smith had a million bucks
And a wife who wouldn't spend 'em.
No wonder when he saw four ducks
That he wanted to befriend 'em.
Platonic quite was Jimmy Smith,
And his wife was not too knowing;
But when she found him playing with
Those girl—well, she needed showing.
And here's the tale that tells of what
Took place at Atlantic City.
But what upturned the pepper pot
We won't tell in this ditty.

Two Days of Fast Doin's at The LIBERTY!

Liberty Theatre Tonight

CHARLES RAY

—IN—
TWO MINUTES TO GO

TO GO
HEAR 'EM YELL!

And yell with them all through those whizzy, dizzy moments of the swiftest football match ever seen on the screen. Remember the prize-ring thrills of "Scrap Iron." You'll get 'em just as big from the gridiron—and in a different way—in "TWO MINUTES TO GO."

RAY THREE WAYS!

The boy who works his way through college on a milk-can. The boy who finds himself hopelessly in love with a girl who thinks him a quitter. And the boy who "comes back" with a ru h. Directed by Charles Ray himself. You know what that means!

P. S.—No Dance Saturday Evening.

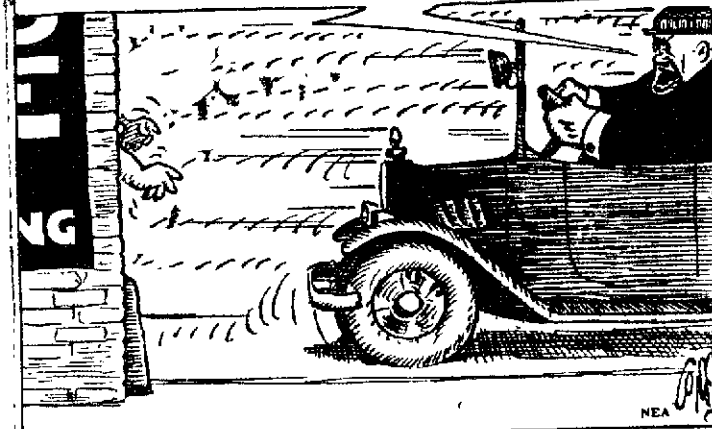

IVERETT TRUE By Condo

THIS IS THE FIRST TIME I'VE RUN IN HERE. HOW MUCH WILL YOU CHARGE ME FOR OVERHAULING MY CAR BEFORE I START OUT WITH IT ON MY VACATION?

WELL, YOU SEE, WE FIGURE THAT ON A TIME BASIS, IT DEPENDS ON HOW LONG IT WOULD TAKE US TO DO IT.

NOTHING DOING HERE! I NOTICE THAT YOU DO YOUR REPAIRING ABOUT TWENTY FEET AWAY FROM YOUR WORKBENCH! THAT MAKES FORTY FEET FOR THE ROUND TRIP WHENEVER YOU WANT SOME TOOL YOU FORGOT!!

The Census in 3800 B. C.
While priding ourselves upon our census system it may be well to remember that census taking is no new thing. The first count of British heads took place in 1801, after long opposition based on superstition. The Romans looked upon it as a regular institution. But it is now found that Babylonians took a census before 3800 B. C., which was perfected, and returns made by districts. In 2500 B. C. fragments of the returns in the second dynasty of Ur are on tablets in the British museum.—From the Scientific American.

The "Fearless Victory."
According to Plutarch, the "fearless victory" was the name given by the Spartans to the victory won by their king, Archimedes III, in 367 B. C., over the combined forces of the Arcadians and Argives, without the loss of a single man on the Spartan side. It is said that as many as ten thousand Arcadians fell in the struggle.

Bath in West Africa.
The Bantu of West Africa make elaborate preparations for a real soak by digging a hole in the ground, in which he puts seven herbs, a quantity of peppers, cardamom seeds and bushes, then he pours in a lot of boiling hot water. After he gets in, a light frame covered with clay is put over the hole to keep in the steam. After hours of steaming the bather emerges and is washed off with clean water, then kneaded by a professional for one hour, when he dons his scanty clothing and goes his way "shivering with cleanliness."

Have You Tried This Grape Juice?

You may try all the various drinks that are set forth for you during the hot weather but when it comes to the last analysis, you'll find that nothing can surpass the thirst-quenching qualities of our grape juice.

We have it in pints, quarts and larger sizes.

Greatness in Patience.
He who walks through life with an even temper and a gentle patience—patience with himself, patience with others—has an everyday greatness beyond that which is won in battle or chanted in cathedrals.—Orville Dewey.

Seeker After Knowledge.
Martha had never been around horses, but knew all about automobiles. The butter-and-egg woman drove a horse and one day Martha, after looking at the horse with eyes full of curiosity, said to the afore-said woman: "Mrs. Duncan, where do you get all your horses?"

Before Them.
An English lecturer, expatiating on the nature of man, remarked that one point of distinction between human beings and the lower animals consisted in capacity for progress. "Man," he exclaimed, "is a progressive being; other creatures are stationary. Take, for example, the ass. Always and everywhere it is the same creature. You have never seen, and you never will see, a more perfect ass than you see at the present moment."—Boston Transcript.

Elephant Sprinters.
In spite of the great bulk and lumbering gait, the elephant has been known to exceed 15 miles an hour and to have kept up a rate of ten miles an hour for a long time. It is said that an elephant does not reach proper maturity until it is 40 years old, and that it may live for over a century. Darwin calculated that after a period of 750 years, if breeding were not interfered with, there would be 19,000,000 elephants alive, descended from a single pair. The tusks which are the weapons of the males in their furious combats, are used by both sexes in everyday life for digging up roots for food.

On the "Loot" String.
Many a woman causes a rift with the lute by harping on the same string.—Boston Transcript.

State Insures Its Securities Against Theft And Burglary

New York, N. Y., Aug. 3.—Securities of the State of Pennsylvania today became insured for \$25,000,700 against burglars, representing the largest policy of this kind ever written, according to the announcement of the National Surety Company and twenty-five co-insuring firms. The policy is to run for three years and carries a total of more than \$32,500 premium. After that time it would be renewed upon order of the Treasury of Pennsylvania, the announcement said.

AUTHOR OF PLUMB PLAN OF RAILROAD OPERATION DIES

Washington, D. C., Aug. 3.—Glenn E. Plumb, aged 56, author of the famous Plumb Plan for public control of the railroads, died here Tuesday night from a combination of heart trouble and gangrene infection.

Mr. Plumb has been ill for several months.

The body was to be sent to Chicago yesterday for funeral services today.

Mr. Plumb was born in Washington county, Iowa.

It is supposed that Plumb was a failure because their home lacked the luxuries to which he had been accustomed. "Not altogether. Part of the trouble was due to the fact that after she discovered the luxuries were missing their home lacked the quiet to which he had been accustomed."

The Thousand Islands.

The beauties of the St. Lawrence river were first seen by a white man when Jacques Cartier, on a voyage of exploration, happened on the stream in 1535. It was not until 1615, however, that the region of Alexandria bay was discovered. In that year Champlain traveled up this part of the river. About 1750 the French began to realize its wonders and christened it Les Mille Isles.

Famous London Street.

Fleet street is a famous thoroughfare in London, extending from Finsbury to the Strand. It derives its name from the Fleet, formerly a stream and now a sewer—which empties into the Thames near Blackfriars bridge. Fleet street has been celebrated for centuries for its printers, bookellers, banking houses, taverns and coffee houses, and is at present the center of the London newspaper world. It was for years the favorite promenade of Dr. Samuel Johnson, the great lexicographer.

Sahara Once Had River.

A French engineer claims to have discovered evidence that a great river once flowed northward across the Sahara desert into the Mediterranean, its banks being lined with prosperous communities.

French Hemstitching The New Work

This is extra nice for table cloths, and napkins and bed linens. Also is being used on all weights of materials for dresses where straight work can be done.

We are now prepared to do this work in an up to date manner.

Also hemstitching and picot edge work.

All work guaranteed. See samples in window.

Singer Sewing Machine Company

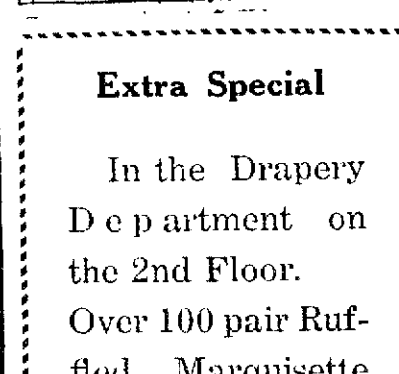

DRINK MILK THAT IS SAFE AND HAS NUTRITION

Whether this message is read by a growing boy or girl or whether it is read by a grown-up, the intent is the same. If you happen to be a growing boy or girl, you'll find that you can grow bigger and healthier by drinking our milk—and plenty of it—than if you drink ordinary milk. Our milk is pure and carries with it all the nutrient that milk should.

If you are a grown-up, you should realize that you must fight to keep your system going along in fine shape and that you should put into your system that which will build up what you are daily tearing down in the course of your work.

THE AUGUST GIFT SHOULD BE GOOD

The gift that you must make during this month should carry with it all the sentiment that you intend and there's no reason why you should spend a lot of money on it. Of course, we can show you gifts that are really expensive, but as a rule there are more gifts that are really sentimental than there are expensive ones. If you are looking for a gift that is really sentimental, you'll find it here.

We are showing a lot of gifts that range in cost from \$1.00 up to \$10.00 that would be very acceptable to the recipient and that will be cherished as long as they endure.
Drop in and see what pretty things you can purchase for a very little money here and you'll find that your money goes a lot farther here than you expected.

W. W. O'Brien
